

# **Il contributo della Green Economy per la ripresa dell'Italia**

**Marco Frey**

Roma, 13 aprile, 2015

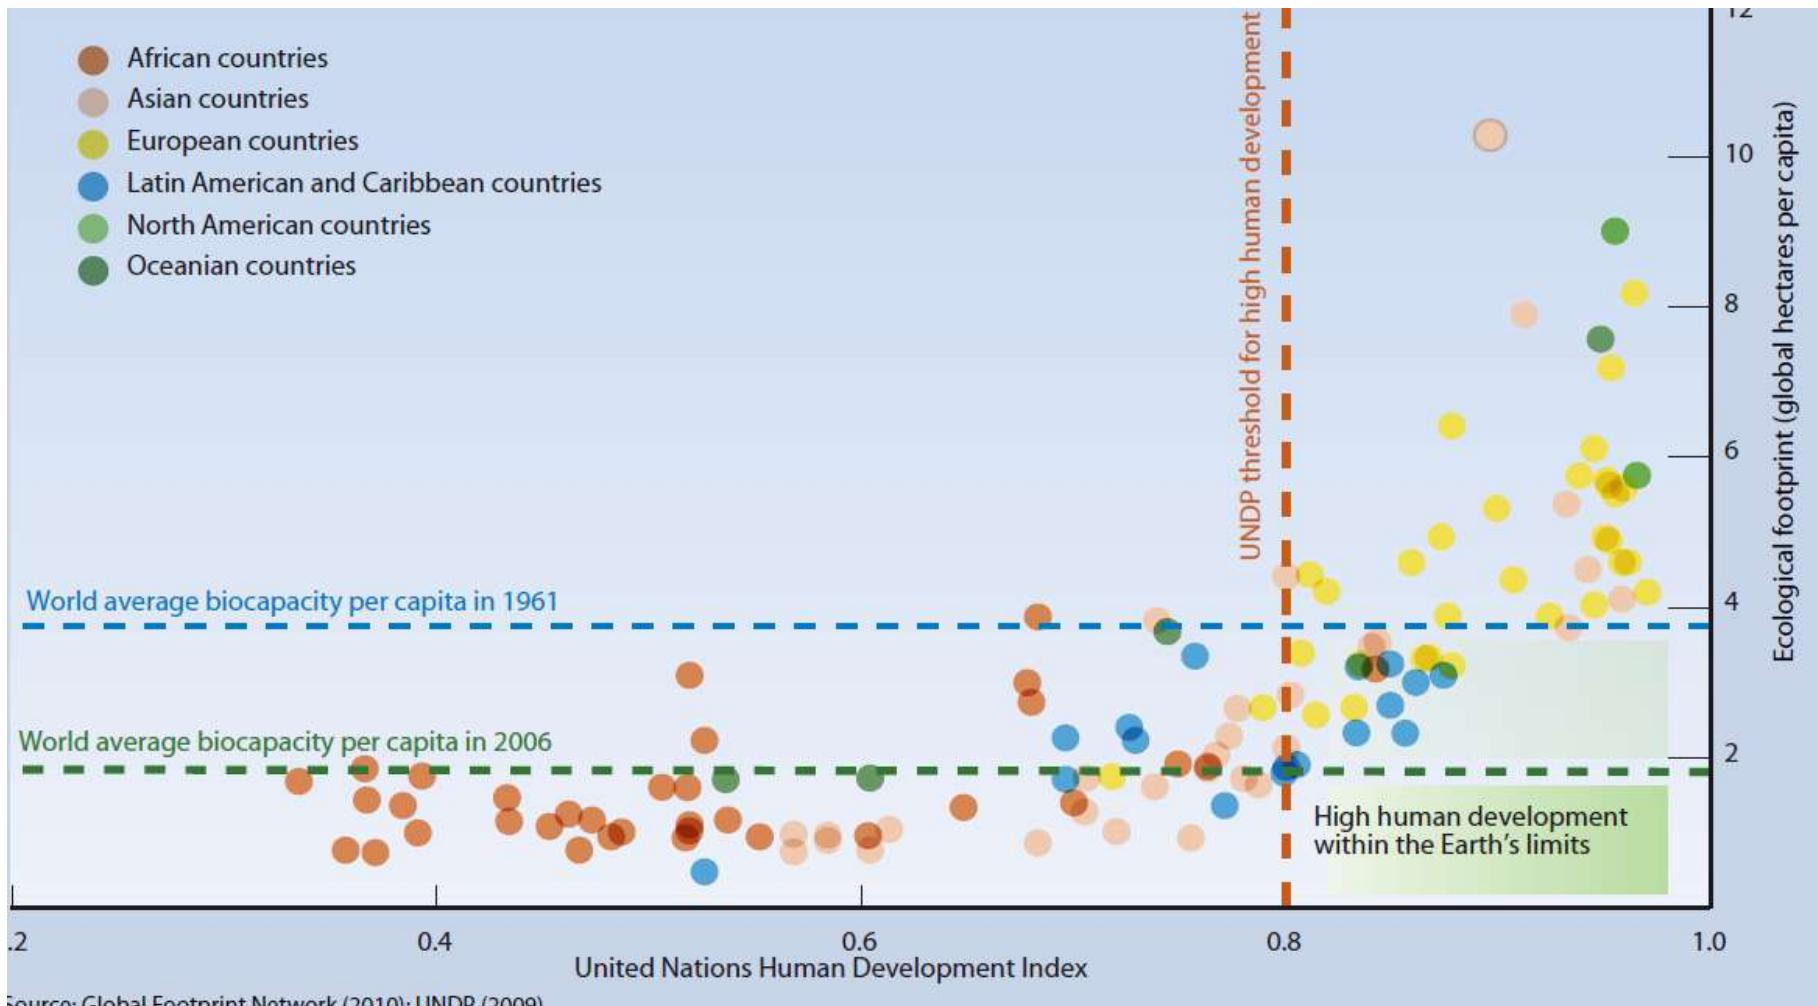

**MEETING DI PRIMAVERA**

# Temi

1. L'urgenza di una modifica del modello di sviluppo nella prospettiva della green economy
2. Qualche dato su dove stiamo andando
3. Green, Sostenibilità e performance impresa
4. Nuovi business models

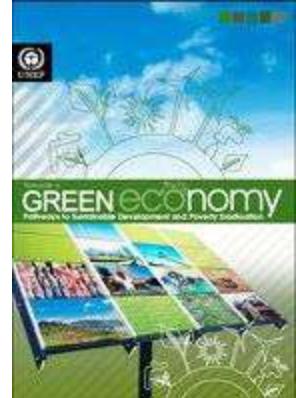

# An unsustainable world

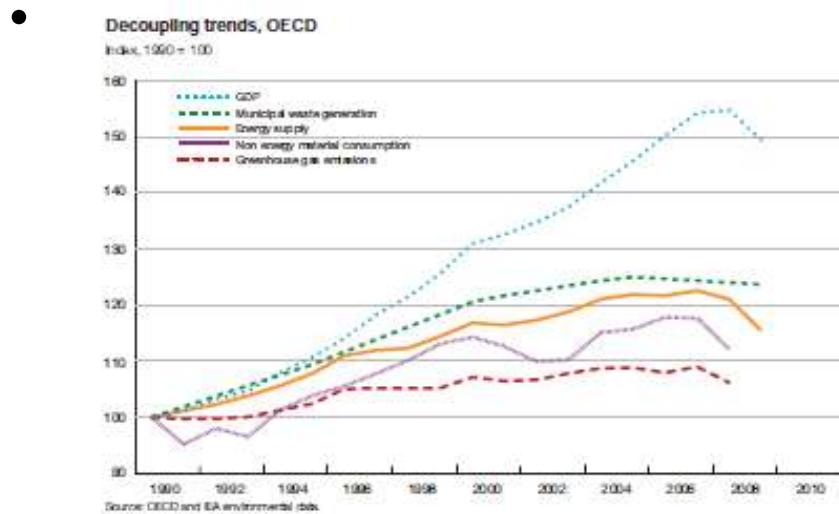

Source: Global Footprint Network (2010) · UNDP (2009)

# LA GREEN ECONOMY:

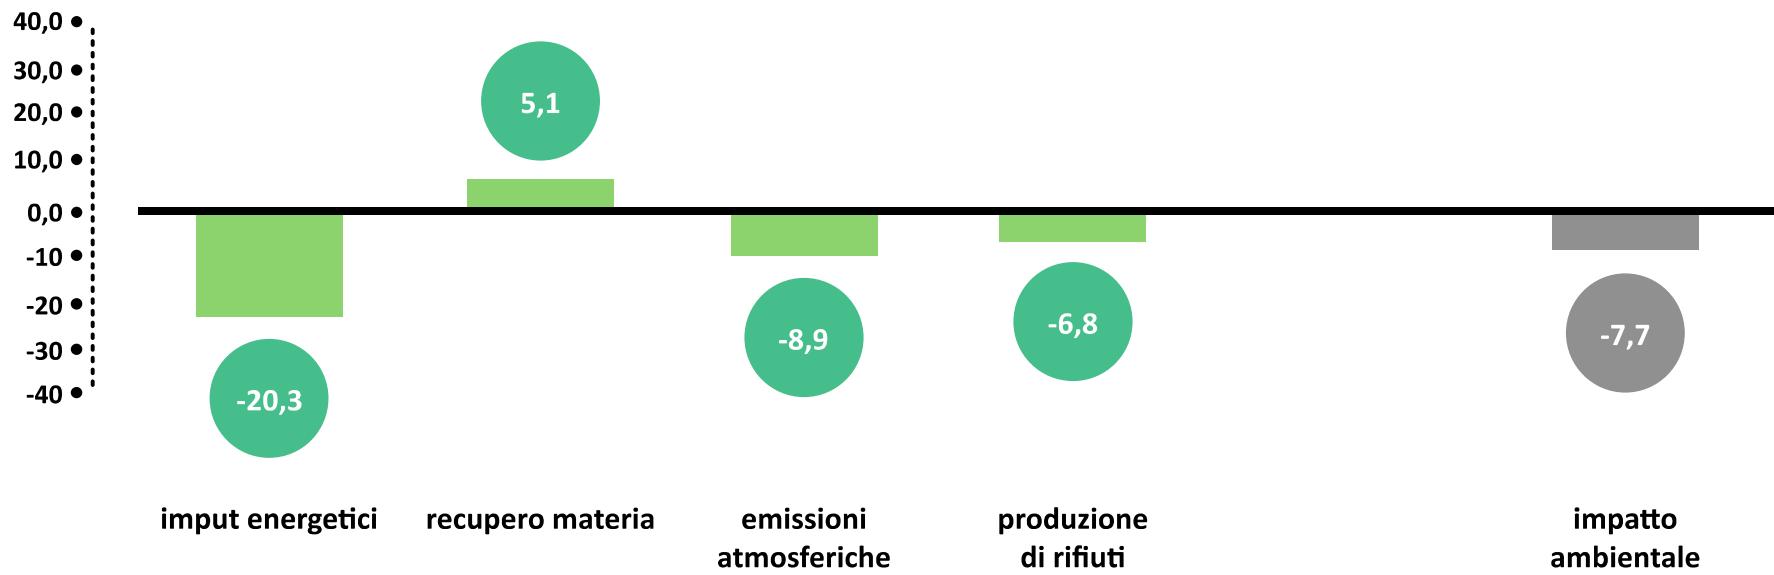

## La definizione dell' UNEP e il decoupling dell'OCSE

- Il Rapporto “verso una green economy” del 2011 la definisce **“come un’ economia capace di produrre un benessere, di migliore qualità e più equamente esteso, migliorando la qualità dell’ ambiente e salvaguardando il capitale naturale”**.

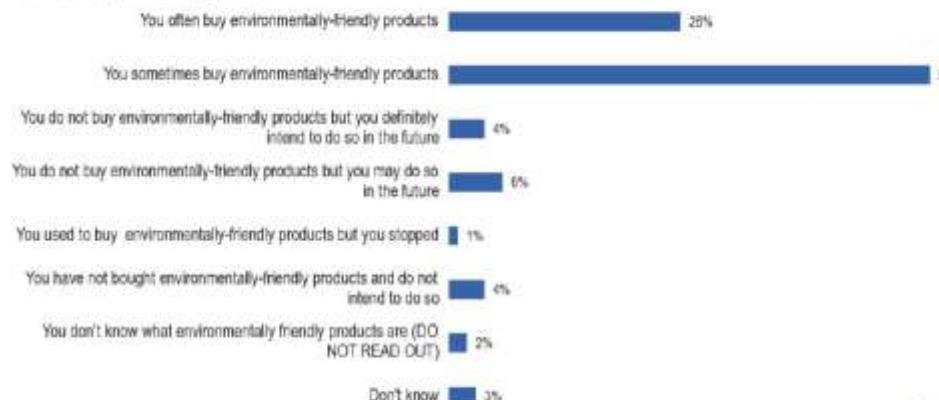

# L'ecoefficienza dell'industria italiana (per unità di prodotto) – 2008-2012

Fonte: elaborazioni su dati Eurostat, Ecocerved e Istat

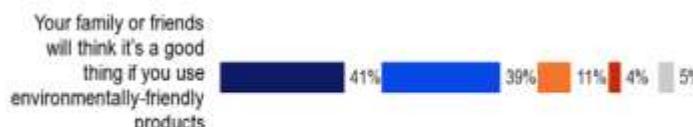

Q3. Here are some statements about environmentally-friendly products. Which of the following statements best describes your behaviour towards these products in general?

**Base: All respondents = 25568**

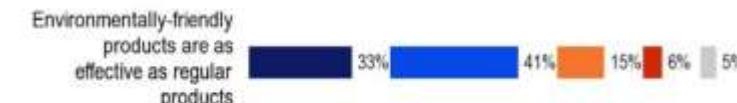

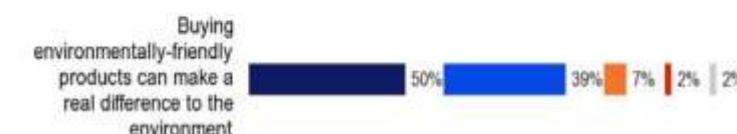

EU

Q4. Here are some statements about the environment and environmentally-friendly products. For each one please indicate if you agree or not.

Strongly agree      Tend to agree      Tend to disagree      Strongly disagree      Don't know

Q4. Here are some statements about the environment and environmentally-friendly products. For each one please indicate if you agree or not.

Strongly agree      Tend to agree      Tend to disagree      Strongly disagree      Don't know

Q6. How much more, if anything, would you be willing to pay for products if you were confident that they were more environmentally friendly?

You would not be willing to pay more

You would be willing to pay 5% more

You would be willing to pay 6% to 10% more

You would be willing to pay 11% to 20% more

You would be willing to pay more than 20%

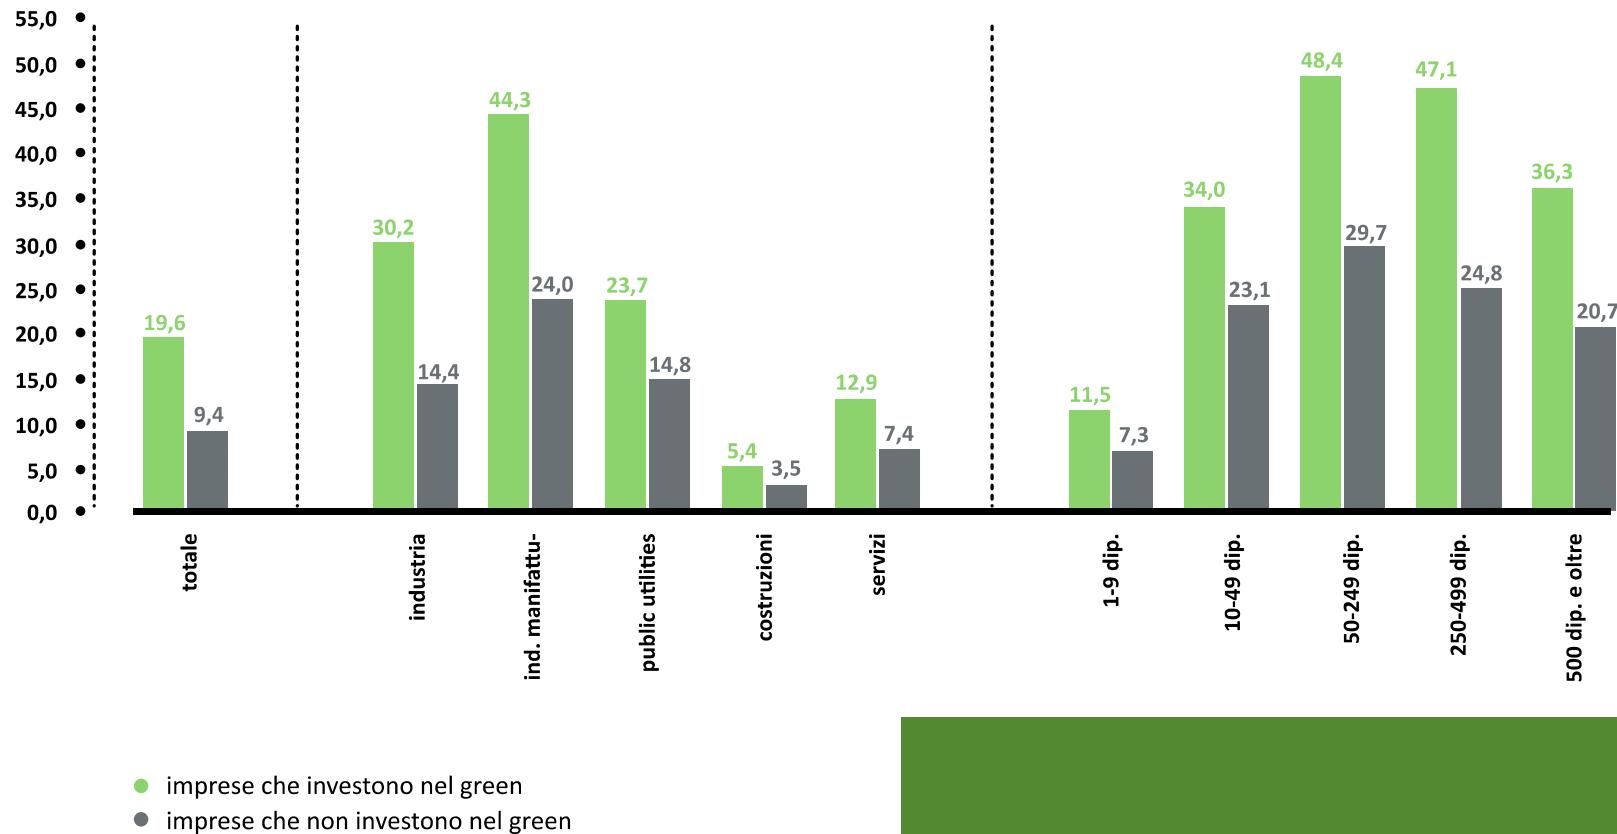

Total 'Yes'

Don't know

# I consumatori

**Incidenza percentuale delle imprese esportatrici tra le imprese che investono in prodotti e tecnologie green, a confronto con quelle che non investono, per settore di attività e classe dimensionale**

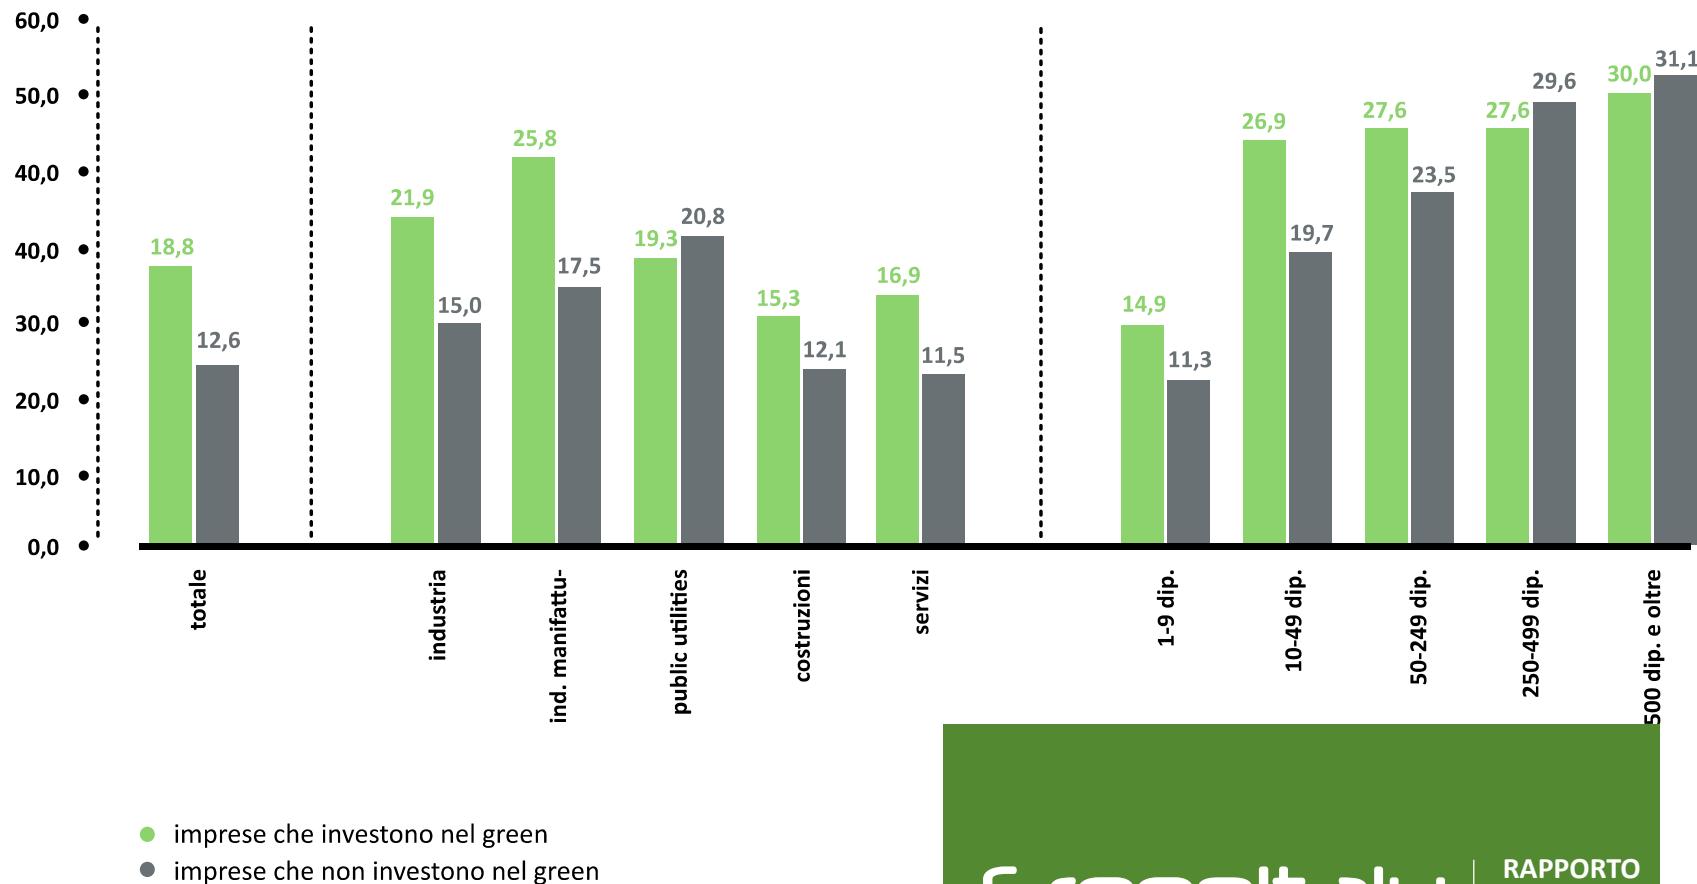

**Incidenza percentuale delle imprese che hanno sviluppato nuovi prodotti o servizi tra le imprese che investono in prodotti e tecnologie green, a confronto con quelle che non investono, per settore di attività e classe dimensionale**

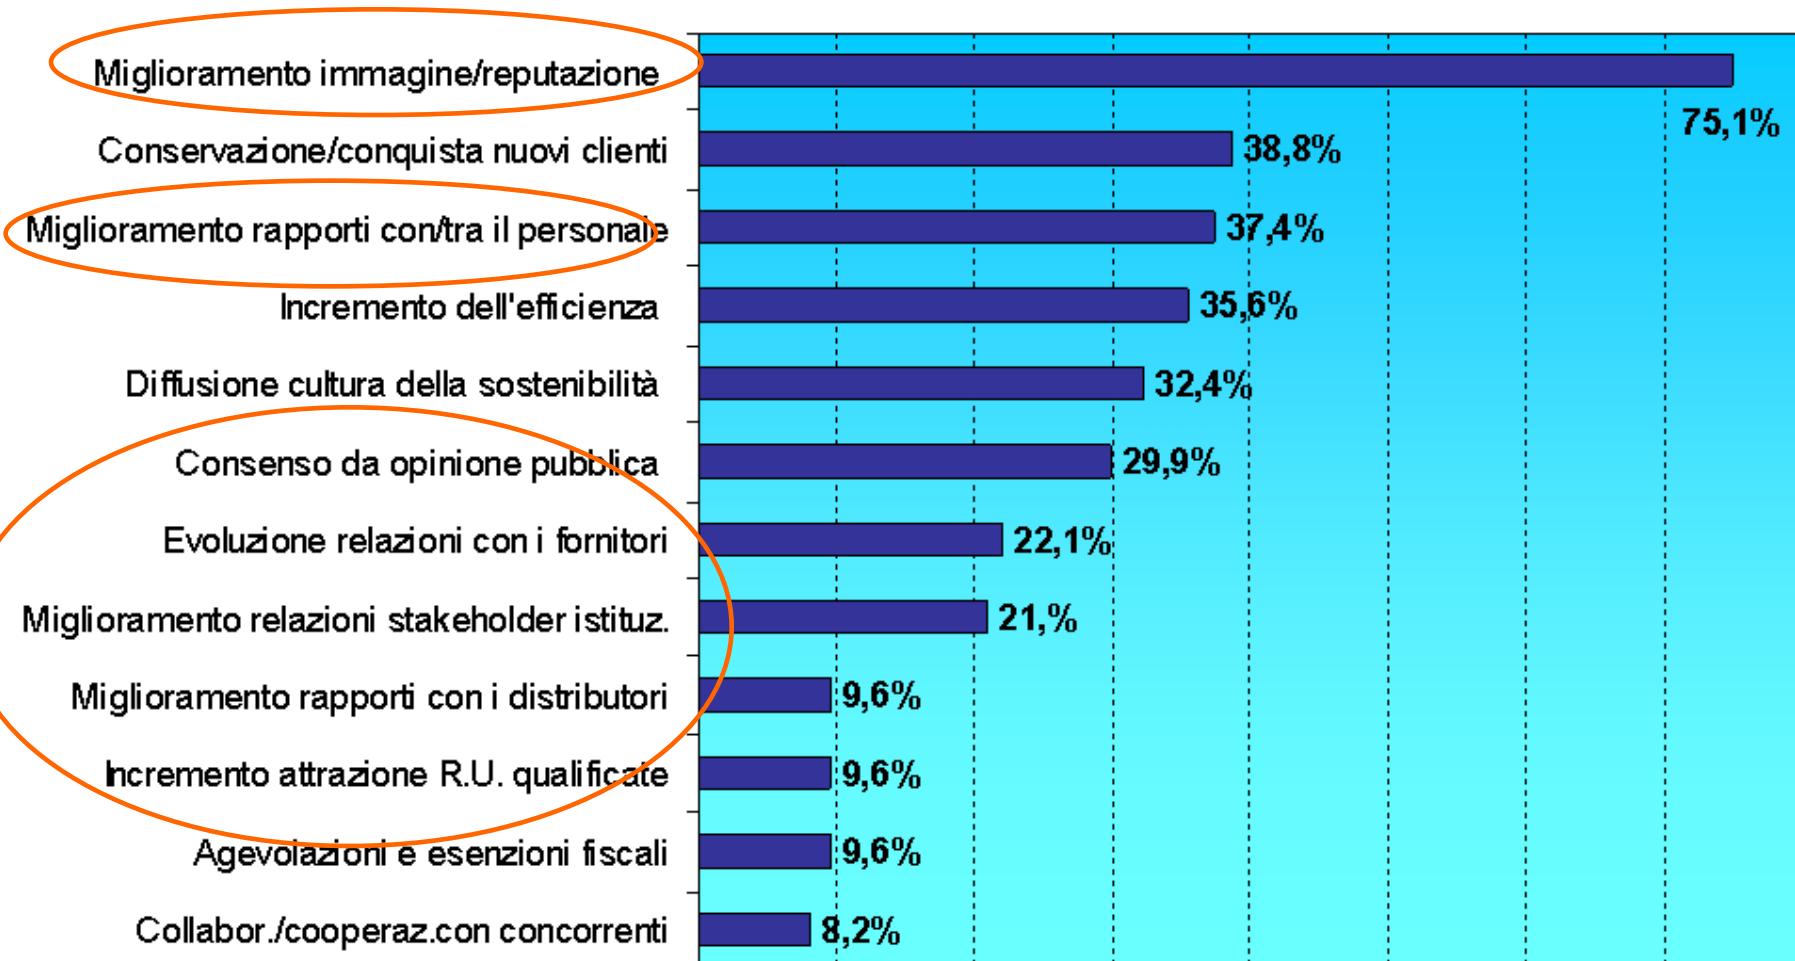

Fonte: Centro Studi Unioncamere

**Incidenza percentuale delle imprese con fatturato in aumento nel 2013, rispetto al 2012, tra le imprese che investono in tecnologie green, a confronto con quelle che non investono, per settore di attività e classe dimensionale**

# Quali sono i vantaggi competitivi conseguiti dalla Sua azienda (Indagine SIM)?

Focalizzando l'attenzione su specifici strumenti lo studio EVER (2006) ha evidenziato che il principale vantaggio competitivo ottenuto dall'adesione ad EMAS riguarda l'incremento degli intangible assets in particolare la corporate reputation. Meno rilevanti appaiono invece i benefici in termini di performance economiche e incremento dell'efficienza.

# RBV e Risorse Fisiche

**Le imprese eccellenti sotto il profilo socio-ambientale sono in grado di migliorare la propria capacità di utilizzare le risorse utilizzate come input nei propri processi produttivi**

The screenshot shows the homepage of the Global Compact Network Italia. At the top, there's a navigation bar with links to Home, About Us, News, Activities, Publications & Materials, Events, Contact, and Press Releases. A search bar is also present. Below the header, there's a main banner with the text "Assoeco aderisce ad organizzazioni internazionali che lavorano per creare un'conomia sostenibile ed inclusiva, vantaggiosa per le persone, la comunità e il mercato". It features four circular icons representing Human Rights, People, Environment, and Justice. The "Environment" icon contains a stylized globe. To the right of the banner is a logo for "ECONET ITALIA". Below the banner, there's a section titled "FOUNDER AND PARTICIPANTS" with logos for A2A, Ansaldo STS, and Fininvest. A "GRUPPI DI LAVORO" (Working Groups) section follows, with five colored boxes labeled "DIRITTI UMANI" (Orange), "AMBIENTE" (Green), "LOTTA ALLA CORRUZIONE" (Red), "SUPPLY CHAIN" (Blue), and "REPORTING" (Yellow). Further down, there's a "CALENDARIO" (Calendar) with two entries: "07 SET 2014" and "25 SET 2014". The "NOTIZIE" (News) section contains three news items with small thumbnail images. At the bottom, there's a "I DIECI PRINCIPI" (Ten Principles) section with ten numbered principles from 1 to 10, each with a colored square icon. The principles are: 1. Non-discrimination, 2. Fair labor practices, 3. Local and international development, 4. Fair competition, 5. Transparency, 6. Free association and collective bargaining, 7.尊重 for human rights, 8. Protection of the environment, 9. Respect for consumers, and 10. Respect for the community. A note below states: "PRINCIPIO 2: più regolare il richiamo di promozioni e meglio far intendere i diritti umani rispetto al resto del mondo in termini delle rispettive sfere di influenza". The footer includes links to "www.globalcompactnetwork.org", "About Us", "Contact", "Events", "Publications & Materials", and "Press".
